Experience the splendour of ancient sun temples and initiation sites on a mystical, spiritual, life changing journey through Peru! When we choose to open our hearts to accept the divine love of creation... then we are truly blessed. We invite you on an exploration to the most amazing place...the temple of love within your own heart and soul...enhanced by two weeks in the extraordinary vibrations of Peru's sacred energy. Simply by being there, many seekers experience a “thinning of the veils” and a brilliant opportunity for personal and spiritual growth. If this special journey is calling you, trust that you are ready to accelerate...

Note...*because our trip focuses on being a spiritual journey, our wish is for each of you to experience the sacred within and sometimes we may be called to make slight changes in the set itinerary to enhance this. Peru is truly an adventure on so many levels but Spirit is spontaneous and we must allow ourselves the space to honour this.*

Physical Fitness: Although there is no demanding trekking on this trip, there is plenty of walking at high altitude and hiking up to each site (lots of steps as well). However we are on a sacred journey and won't be rushing anywhere. It is so important to stop and take "it all in". Most healthy people are able to enjoy the walking and also feel as if they are getting lots of wonderful, life affirming exercise!

Altitude: A good tip is to take it easy the first couple of days in order for your body to adjust to the change of altitude. You will be sent an information booklet prior to departure which will have plenty of tips on how to deal with the altitude on our trip to Peru. Oxygen is available at the hotels we are staying in. If you have any concerns, please consult your doctor.
